Dear Parent(s),

Our students are facing many new challenges as a result of social media. Children must learn to respect the technology that they are using on a day-to-day basis and to use it in a responsible manner.

We have asked the Boone County Sheriff's Department to have their Cyber Crimes Task Force educate our students on the dangers that our students face with regards to their technology. The topics that will be discussed by the task force are as follows:

- Things to know about social media
- Photo-Sharing
 - Risk takers, such as sexting
 - Knowing the laws in regards to inappropriate images.
- Cyber Bullying
- Think be 4 you post
- Internet Safety guidelines

Our young ladies will participate in the presentation on Friday, August 30th; while our young gentlemen will participate in the presentation on Friday, September 6th. The Boone County Task Force, along with the Centralia R-6 School District, encourages all parents to attend the seminar if they are interested. I ask that you please contact Mrs. Redington or Mr. Gordon at the middle school if you plan to attend the seminar, or would not wish for your student to attend the seminar. It will be held in the CBMS library as follows:

- 11:35-12:25 – 6th Grade Girls/Boys
- 12:53-1:43 – 8th Grade Girls/Boys
- 1:46-2:36 – 7th Grade Girls/Boys

** There is a possibility of some sessions running past the scheduled time due to a high volume of student questions. **

Thank you,

A handwritten signature in black ink, appearing to read 'Nathan L. Gordon', with a long horizontal line extending to the right.

Nathan L. Gordon
Principal
Chester Boren Middle School
